Photo Safe Liquid Adhesive

Pencil (for tracing)

Paper

### Steps:

1. Match the template with sliding door of your choice.
2. Using the template, trace the shape and the boxes (for the door) onto paper.
3. Using scissors cut out the shape you traced.
4. Place the shape you cut out onto the cutting mat.
5. Cut out the boxes (for the door) with a cutting knife.
6. In order to insert photos on or under the door use the box as a template for cutting your photos. Adhere your photos using photo safe liquid adhesive for easier placement.
